KEY FEATURES
OF CROWN ELECTRIC BIKES

Grade-A Lithium Cells
Premium battery cells engineered for longer life, stronger performance, and lasting reliability.

Smart Connected BMS
Intelligent Battery Management System ensures real-time monitoring, maximum safety, and optimal efficiency on every ride.

10A Fast Charger
High-speed lithium charger for quick, safe charging, so you are always ready to roll.

Crown Family Welcome Box
On the purchase of a premium model, the user will receive the Crown Family Welcome Box, which includes a pen, key chain, owner's manual, warranty card, charger, NFC card, and flyers.

TOUGHGUARD (Iron Protection Frame)
Engineered with a high-strength iron frame that reinforces the scooter's body for maximum durability, stability, and rider safety. Built to handle every ride with confidence.

NFC Smart Unlock
Unlock your ride instantly with an NFC card, keyless, quick, and secure.

Powerful Hub Motor
High-torque motor delivers smooth acceleration, silent performance, and efficient power every time you ride.

Digital Speedometer Display
Stay informed with a sleek digital dashboard showing speed, range, and battery status at a glance.
